NEWS LETTER:

From: Jackie Robinson, baseball legend.

"And what is it that I have believed? First, that imperfections are human. But that wherever human beings were given room to breathe and time to think, those imperfections would disappear, no matter how slowly. I do not believe that we have found or even approached perfection. That is not necessarily in the scheme of human events. Handicaps, stumbling blocks, prejudices-all these are imperfect. Yet, they have to be reckoned with because they are in the scheme of human events."
